Health and Safety Messages

We had a Governing Body meeting last night and concerns were again raised about not just the parking but parents allowing children to walk in the middle of a road. One Governor witnessed a child running out into the middle of a road. This confirms the message that was sent last week in the newsletter;

I am again becoming increasingly concerned at the manner in which parents are parking on corners of roads, walking along the middle of the road and using the vehicle gates as a walking entry to the school. Please park, drive and walk safely! We are a school that supports active travel!

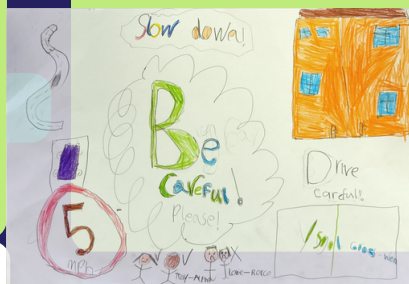

Thank you all so much for getting involved in our wonderfully festive week! We hope everyone who joined the fun had a fantastic time.

An extra special thanks to the amazing parents who ran the wreath-making workshop, Claire & Laura, and to Chris who kept everyone happy with delicious pizza, and to all of our brilliant volunteers who make these events possible.

We're delighted to share that the workshop raised £400, and our Winter Wonderland event brought in over £1,000!

Thank you, as always, for your incredible support.
